Use of Mission Clubhouse Gets Attention of Council

Town council has been considering various proposals and requests on future use of the teen centre, or Mission club house as it is sometimes called, at a number of fall meetings. Councillor Fyfe wanted to look into the feasibility of renovating the building to standards which would meet kindergarten requirements and thought a teen use could be incorporated by making the building available for arts and crafts instruction to this age group after school hours, an arrangement which would provide "cultural enrichment plus supervision."

Councillor Bakker felt that parents should participate in the renovation if the building were to be used as a kindergarten, which was successfully done in the case of the Creative School in Sturgeon some years ago, and Coun. Fyfe thought this was a good approach. Building Inspector Jim Robert had his reservations, however, and felt the job might better be given to a contractor, given the extent of re-design and renovations required, and Coun. Hudson agreed.

At the September 24 meeting it was learned that a group was in formative sta-

ges with plans for teen use of the building, in a letter from the Singles Club. However it developed there was insufficient parent support for this proposal, which resulted in the plan being shelved.

Meanwhile John Beedle, superintendent of parks and recreation facilities prepared a cost estimate on the renovation which totalled \$5,819. At Councillor Bakker's request, Mr. Beedle also began work on architectural drawings. Since the building will eventually be moved, Mr. Beedle also provided comments. "If the renovation was proceeded with and then it was found necessary to move the building, the most logical location would be on the strip along the river (about one

and one-half acres) next to the Lions leased parkland. This would be easily accessible from either Grandin Road or St. Anne Street, when they are connected. The building is 20 feet x 84 feet long but could be moved in two pieces and perhaps taken across the ice if it was in winter." He did not favor taking it to the area of the Creative School and Art Centre in Sturgeon, as this already presents access and parking problems.

Use of the Mission Clubhouse appeared on the Oct. 15 agenda, when Councillor Fyfe reported on her meeting with people interested in the formation of another kindergarten, saying that premises had been found in

No. 3 Stands Firm On School Need

Since this year's Alberta School Trustees Association convention will be held November 4 to 7, the St. Albert Catholic School Board met Monday, Oct. 29 and dealt with the agenda scheduled for the regular November 5 meeting. This motion to ad-

vance the meeting date was approved at the previous board meeting because School Superintendent Vince Maloney and trustees Howrish, Gannon and Sieben indicated they will attend the A.S.T.A. convention in Calgary.

Attending the Monday night meeting were Scotty McIntosh and George Chernenko, architects who were present with the board discussed the needs of the district for a new school.

Superintendent Maloney started the Certificate of Need discussion by reviewing the board's efforts devoted in this regard over the past several months. Mr. Maloney touched lightly on the many meetings the board has had with the School Building Board and what the situation looked like at present.

"It would appear that we might qualify for a new school permit soon," Mr. Maloney said, "but it also appears that the School Building Board would like us to go for the Community Core 'plug-in' type of school and if we do accept this core-concept school building, we shall qualify for a \$10,000 special incentive grant."

Mayor Proclaims Remembrance Week

Know ye that I, with the approval of the Town Council of the Town of St. Albert, do designate the seven days commencing November 5th and ending November 11th as REMEMBRANCE DAY. (signed) His Worship, Ray Gibbon, Mayor of St. Albert.

In proclaiming Remembrance Week, Mayor Ray Gibbon also endorsed the purposes and objects of the Royal Canadian Legion as contained in the Act described in the Statutes of Canada:

To perpetuate the memory and deeds of the fallen and those who die in the future; to promote and care for memorials; to keep an annual memorial day; to educate public opinion regarding national duties to the dead and to foster loyalty among the public and promote patriotism.

In addition, His Worship Mayor Gibbon, in proclaiming Remembrance Week from November 5 to November 11, recommended in his proclamation that all loyal members of the Royal Canadian Legion:

Recall to mind the oath they took to perpetuate the memory of the fallen.

To all citizens of St. Albert, His Worship recommended that they wear a poppy, personally attend and participate in Remembrance Day ceremonies and that they conduct themselves in a manner befitting the solemn nature of Remembrance Day.

S.G.H. Nurses Sign Pay Boost Contract

Registered nurses of the Sturgeon General Hospital will be receiving an increase in salary retroactive April 1st, 1973 following the successful negotiations of a wage package between the Alberta Association of Registered Nurses and the Alberta Hospital Association.

After both negotiating agencies accepted a conciliation award, the contract was signed October 18 involving a three-stage wage agreement.

The first increase amounts to \$5 per month retroactive pay starting April 1, 1973 when the former contract expired. The second stage of the wage salary increase will come into effect November 1, 1973 when nurses will receive an

additional \$20 per month. Third and final increase will be for \$40 per month, starting April 1, 1974 to December 31, 1974, when the contract expires.

The three-stage wage increase for approximately 50 nurses here at the Sturgeon General Hospital represents a monthly boost in pay of \$115.

Mrs. C. Webber, president of the Sturgeon General Staff Nurses' Association said that this new contract brings local nurses' salaries up to par with other nurses in the province.

When asked if the local nurses were satisfied with the new contract, Mrs. Webber said, "yes we were very pleased with the new agreement."

the biography of Father La-combe to English. The Knights suggested considering a portion of a recreational complex. The Catholic School District had an application prepared on developing a Social Studies kit at about \$250. The Protestant District representative mentioned that they are much interested in an indoor swimming pool, but as a centennial project teachers will prepare classroom projects.

The Lions Club had examined a previous project in regard to a senior citizens recreational centre, and the WI representatives had an application prepared for renovation of the Teen Centre for a clubhouse for senior citizens.

This proposal was discussed in detail, and consideration was given to making a senior citizen centre a multi-group proposal, with the majority of those present favouring the suggestion.

It was decided that each organization represented would try to ascertain the support which could be committed for the project and Secretary Russ Bowen was asked to get in touch with the provincial co-ordinator, Dr. T. M. Walker with regard to the eligibility of the project.

Mr. Bowen told the Gazette Tuesday that Dr. Walker felt the proposal was worthwhile, and that he has on hand similar proposals, both for large senior citizen complexes and for smaller centres. These will be going before the Alberta committee, after which their eligibility will be known. "Hopefully," said Mr. Bowen.

when "we will have this information prior to our next meeting on Nov. 14."

The meeting will be held at Sir George Simpson School at 7:30 p.m. and Mr. Bowen thought the committee might like to hear the views of representatives of the senior citizens group at that time.

principals, on the reaction by the Administrators' Council on the Community Core 'plug-in' type of facility. The Admin. Council report in brief stated that this type of facility might be worth considering in the future but due to the overcrowding of all schools in the system, "we do not feel we can afford the time to experiment with 'plug-ins' Superintendent Maloney concurred with the Admin. Council's observations regarding time available for building experiments, because according to his projections and taking into consideration the heavy enrollment at the moment, "a new 24-room school would be 85 per cent occupied immediately after opening."

Trustee Al Gannon said that in his opinion a \$10,000 bonus is not appealing at this time as an incentive to go into a plug-in type school because of the many unknowns in the new scheme. He said that \$10,000 would hardly cover the problems the system may encounter "if we go for the plug-in type school." He further said that he would support a proposal for a conventional school immediately and would also favor a future plan for a plug-in facility.

"But at this time," Mr. Gannon said, "I don't feel we can afford to gamble with a plug-in school, because it is so vital right now for us to get an efficient and proven 24-room facility for our students."

Chairman Ernie Howrish concurred with Trustee Gannon, so did Trustee Steben and the school principals present. Architects McIntosh and Chernenko could not comment on the plug-in type school because very little information has been made available to them by the Department of Education. However, Scotty McIntosh said that in the past years, "something like 10 or 13 years ago, surplus portables were united into a school facility and the resulting building was perhaps not what had been envisioned."

Mr. Chernenko is of the opinion that plug-in schools coupled to a central permanent core is probably fine for districts where the school enrolment fluctuates as families grow-up and the children progress out of the elementary grades on to higher learning. This fact of life invariably results in a drop in enrolment in the elementary grades and empty classrooms are the resulting factor. "For such a district," Mr. Chernenko said, "I would recommend the plug-in type school, but not for a district like St. Albert's No. 3."

The school principals agreed that a plug-in type school would present programming problems and urged the board to consider this type of facility as an alternative for the future.

Board Chairman Ernie Howrish called the question and received unanimity on a motion that the department of education, school buildings board be advised that a conventional type school is still number one priority and a plug-in type facility could be considered later as a secondary proposal.

Talk on Venezuela delight local club

Ruth Ferguson delighted the Sturgeon Toastmistress Club with her account of the 10 years she spent in Venezuela. Politics, etiquette, weather, education, and the role of women were among the subjects Ruth touched on in her talk. She brought a basket of crafts which she passed round the audience. These included a lovely gown which Ruth modelled, pottery, carving and a Christmas decoration. The latter was made of native grasses, in a simple and beautiful design.

With three of her friends in the English-speaking Toastmistress Club of Caracus she worked hard to establish a Spanish-speaking club. The Venezuelan women were very enthusiastic and the club has flourished. Some Columbian members later returned to their homeland and started

Mr. and Mrs. Donald Culen of Bramptonville, Quebec have been visiting with their daughter Nancy Wilson and her husband Dick at 19 Malmo Drive over the past 10 days. Unfortunately Dick has been laid up with an acute back strain, following some over-exertion lifting a large garbage can full of concrete and gravel, while working on a fence for his new home. This put him in hospital for five days, followed by a week and a half flat on his back at home. He still is not up and around too much, but hopes to be back at work in another two weeks. The four are going by train to Jasper this week. On the bright side, Dick's

charming young wife is a nurse, and his father-in-law has been helping the fence along since his arrival. Not only that, Dick has lost 12 pounds on his diet program!

Executive report '73, the result of a survey conducted by the Alberta Department of Industry and Commerce quotes the Alberta Chamber of Commerce as "concurring in the remarks of many Alberta economists that the economy of the province has been very strong during the past year and this strength will carry over in 1973." Replies to a questionnaire sent to over 450 Alberta executives show some trends and concerns repeating patterns through 11 classifications covered.

One recurring theme expressed by many respondents was the difficulty of hiring labour, with the same situation expected in 1973.

FORESTRY

A northern Alberta firm stated that the "largest single impediment in reaching our goals in 1973 has been a shortage of workmen, and worse was expected in 1973. Mechanics, millwrights, welders, electricians, power saw men, truck and heavy equipment operators were in short supply.

The official added that "This continued shortage in the work force is hindering maximum production in the industry and is completely incomprehensible in relation to government statistics regarding welfare and unemployment."

TRANSPORTATION

A representative of a lead-

ing interprovincial trucking firm found "1972 was an extremely difficult year to obtain suitable employees, not only willing to work, but desirous of being trained to our requirements. Considering the national political scene, we do not anticipate a significant change in the attitude of either our politicians or the unemployed to reverse the current employment trend."

UTILITIES

The president of Calgary Power said "the availability of skilled construction workers in Alberta is a matter of concern - in electric plant construction - expansion of the oil and gas industry and expected major pipeline programs in the north - skilled tradesmen are in short supply and the amount of urban dwelling starts will worsen the situation."

RECREATION AND TRAVEL

The general manager of Chateau Lake Louise said "serious difficulties were encountered in obtaining suitable qualified personnel to provide the services required."

HOUSING TREND

The total number of dwelling starts for 1972 were 15 per cent below the record level of 1971. Mr. M. Chornoboy, general manager of Qualico Construction Ltd., reported that "1972 saw a return in Calgary to concentration on single-family

housing, and away from multi-family. A continuing demand for detached housing in 1972, coupled with buyers' ability to meet the down payment and mortgage requirements resulted in steady sales of new houses."

The vice president of a leading construction supplier stated, "in the construction industry it is anticipated that the level of commercial and industrial activity will increase, however this will be somewhat offset by a decline in the number of housing starts in Alberta. It is also probable," he said, "that there will be a shift in the ratio of apartments to single dwellings . . . towards the single unit structures."

The over-all consensus indicated that although the number of urban dwelling starts were down in 1972, this should not continue to be the case.

School Superintendent Visits U.K. Schools

Elmer and Cathie Gish returned last week from a working holiday trip to Continental Europe and Britain. While there they enjoyed visiting with Cathie's brothers and aunts in Britain also their son, Capt. Ronald Gish, a dentist with the Canadian Armed Forces stationed in Lahar, West Germany. Mr. and Mrs. Gish also visited with Mr. and Mrs. Jack Carnahan, a former St. Albert teacher who is now serving his second year tour of service with Department of National Defence schools in Western Germany.

Mr. Gish, superintendent of St. Albert's Protestant School District visited school districts and facilities in West Germany, England and Scotland. In Germany, Mr. Gish was met by the Deputy Minister of Education of Freiburg . . . which also includes Lahar . . . and shown educational facilities in the area. Mr. Elmer Gish told The Gazette that schools in the part of West Germany he visited are modern, well designed and teaching methods are very similar to those practised here.

In Britain Mr. Gish visited suburban school facilities in communities comparable to St. Albert, in size and scope. Aylesbury, a community of about 50,000 people and Amersham, 20,000 located in the Buckinghamshire area have schools which closely parallel school plans in St. Albert. The touring superintendent was shown primary, middle and secondary schools in the London suburbs and was very impressed with the principals of those facilities. He found that in the majority of places schools have adopted the

Mr. Gish observed, "very much like our own people here in Canada." He did conclude by saying that British schools still dress their students in school uniforms but not so in Germany.

Standing amid a display of plaster plaques, busts and novelties are the two owners of Plastercraft St. Albert, Mrs. Joan Bradbury, (left) and Mrs. Annette Pearce. Plastercraft St. Albert will mark its official opening Thursday, November 1 at 46C St. Michael St.

Local Ladies Acquire Plastercraft Franchise

A new and very unique business will open at the beginning of November. Two enterprising St. Albert ladies, Mrs. Joan Bradbury and Mrs. Annette Pearce decided to form a partnership and launch Plastercraft St. Albert at 46C St. Michael Street. The owners expect to be open for business Thursday, November 1.

Plastercraft St. Albert will retail unfinished plaster plaques, figurines, busts and lamp bases plus the paints, varnishes and equipment required to finish these items.

The two housewives who have both a considerable amount of experience in the business world, were taken by this new industry when the only factory of its kind in Canada opened recently in Edmonton. After investigating the potential of this business, the two ladies eagerly signed the first franchise agreement and will be bringing this business to St. Albert.

Plastercraft St. Albert will start with a stock of 450 unfinished items, ranging in price from 25¢ to \$15.00, and all of them have a place in the home, nursery, kitchen, rumpus room or wherever a special plaque, bust or figurine is required.

"We even have a complete set of chessmen," Mrs. Bradbury said, "and each set can be finished to suit the decor of your rumpus room, games room or whatever."

The other partner in Plastercraft St. Albert, Mrs. Annette Pearce explained that every member of the family can participate in this crafts hobby, "and it's also an excellent way for a family to work at a common project," she said.

The whole concept of Plastercraft St. Albert is to provide customers with inexpensive plaster items and finishes for the do-it-yourself family. Included in the

price is free advice if required, including a workbench in the store where customers will be free to work at their project while taking advantage of expert hints from the owners.

Both owners of Plaster-

craft wanted to make it abundantly clear that this new concept in hobby-craft is inexpensive, can be enjoyed by every member of the family and is suggested as a way to solve special gift problems.

Stony Plain here Sunday for Senior hockey opener

The Jasper Auto Parts Comets will open the 73/74 Edmonton Central Hockey League season at home this Sunday with a game against the Stony Plain Eagles. Game time is 7:30 p.m. with official opening ceremonies to start at 7:15.

Comets are shooting for the top in senior competition this year, after getting a taste of the action last year. With an average club last season the Comets were one win away from the Senior A title for Alberta. They lost a 4-0 heartbreaker to Banff to bow out of the provincials. Comets won the Vin Stanley

Trophy for capturing the Northern Alberta Intermediate A title.

Coaches Gary Checknita and Al Laplante have recruited some excellent prospects in Dave Couves, Paul St. Cyr, Mike Lemieux, Garry McCooye, Dan Towpich, Gerry Armstrong, Andre Contant, Perry Pearn and the Klassen brothers.

The first three players are ex-Golden Bear graduates and are very good. McCooye and Towpich were standouts for Leduc Oilers with McCooye playing with the Edmonton Monarchs. Armstrong was with Ray's

Esso while the Klassen, Cy and Don were at Winterburn. Contant was a high scoring forward for the Comets in provincials last year and played the regular season for Calahoo Scorpions. Perry Pearn is a rugged forward out of Stettler.

Other teams in the league are Leduc Oilers, Sherwood Park Barons, Barrhead Sabres, Westlock Eagles, Winterburn Tomahawks and Canadian Forces Base. Each club will play a 28 game schedule.

Avengers Lose Playoff In Close Football Final

St. Albert Avengers tasted their first defeat of the season in the Husky Bantam Football League and it couldn't have come at a worse time. After seven straight league games and a quarter final win over the Vikings, Avengers lost a close 18-13 semi final to the J. P. Western Raiders.

St. Albert started off strong against the much bigger Raiders and led 7-0 at half time on a 10 yard touchdown run by Sean Kehoe. Terry Leddy passed to Mark Tworek for the convert.

Raiders fought back in the third quarter and took a 8-7 lead on a touchdown. On the following Raider kickoff, Terry Leddy ran it all the way back (20 yards) for a touchdown to give the Avengers a 13-8 lead at the end of three quarters. A 40-yard pass and run play by the Raiders early in the final quarter put them ahead 14-13.

Avengers fought back but lost the ball on a fumble on the Raiders 15 yard line when it looked like they would score. St. Albert were forced to concede two safety touches to retain possession of the ball, but they just couldn't get anything going in time run out.

Raiders will now take on the Sherwood Park Rams in the city finals this Saturday at Kinsmen Park. Rams eliminated Safeway Seals in a game that was scoreless after regulation time, plus three 10 minute periods of overtime. Rams finally scored in the fourth overtime.

Following the game, head

coach Rick Suggitt, along with assistants Barry Suggitt and Jim McBain had nothing but praise for the entire team on the outstanding season the Avengers had. The Husky Bantam Football League has been in operation for some 10 years now and nowhere in their records has a first year team done so well. This achievement has to be especially gratifying for both coaches and boys.

The banquet has been set for November 15, 1973, at which time team trophies and awards will be presented.

Avengers offensive half-back, Terry Leddy has won the Mamie A. McNabb Trophy donated in memory of her late husband and sportsman, Harold McNabb. The first year trophy is for the player displaying the best sportsmanship on and off the field. Mr. and Mrs. McNabb never had any children of their own, but have spent some 45 to 50 years taking in all sports involving young players. Mrs. McNabb will present the trophy to Terry at half-time in the Raider-Ram game Saturday and also present Terry with a replica.

The outstanding defensive trophy has been won by Mark Tworek while Sean Kehoe

has been named the best offensive player. Both trophies were donated by Javelin Jackets. Dave Ammar has been named top lineman of the year and awarded the St. Albert SportsShop trophy.

Comets win 2 exhibitions in rough games with Fort

Jasper Auto Parts Comets are off to a great start in their exhibition schedule with a pair of wins over the rough Fort Saskatchewan Huskies.

Last Friday in St. Albert the Comets, backed by some excellent goaltending by Zane Jakubec and Brad Rix, shutout the Fort 7-0.

Coach Gary Checknita took a pass from Mike Lemieux at 16:54 of the second period and made a beautiful

move on both defensemen and goalie to score the only goal the Comets needed. Doug Bell with a hard slapshot late in the third period got the insurance marker. Defenseman Dale Ripple drew the assist on the power play goal.

Rookie Brad Rix, with the Junior Bruins last season, played the last half of the game in the Comet goal and showed some good moves. As usual the Huskies played

ed one of their typical rough games and took 12 of 20 penalties.

On Sunday the Comets played a return visit to the Fort and came out the winner by a 5-3 count.

Bob Pearn led the way with two goals and Richie Perrault, Doug Bell and Andre Contant added the others. Fort tried to use their muscle against the Comets but lost all five fights.

Comets meet tonight in Winterburn for a game against the Tomahawks.

Bruins win two - lose two of first four games

After an opening game 8-5 loss to the Waterloo Merchants, the Junior Bruins won two of their next three games. Tuesday the Bruins picked up their first win of the season with a fine 4-2 win over Glen Hall's Stony Plain Flyers.

On Friday they made it two straight with a third period 7-4 win in Leduc against the Riggers.

Sunday in St. Albert the Bruins fell apart in the final 10 minutes and lost 6-3 to Sherwood Park Knights.

In Leduc the Bruins scored four third period goals to take the 7-4 win. Bob Pearn picked up a pair of goals and assists to lead the Bruins while Don Boyce, Jim McComb, Blair Burgess, Gary Mann and Tim O'Neill, added the others. Pearn was the game's first star while defenseman Jim Edwards was #3 star.

Sherwood Park Knights outscored the Bruins five to one in the third period Sunday to take a 6-3 win and even the Bruins first four games at two wins and two defeats.

Bruins started out on the right foot scoring the only goal of the first 20 minutes on Bob Wallis's first goal of the season at 17:17. Perry Whan assisted on the goal. Mike O'Neill, playing his first game, made it 2-0 with an unassisted goal at 7:13 of the second period. After the goal O'Neill took a high sticking penalty, and while he was off, Gord Stewart put the Knights on the scoreboard with a power play goal at 8:57.

Both goaltenders made some outstanding saves and Bruins took a 2-1 lead going into the third period. Both teams came out flying to start the final 20 minutes and three goals were scored in the first four minutes. Dave Parker tied the game at 1:16 on a screened shot, but Kelly McAvoy put the Bruins ahead 3-2 at 2:13 with Tim O'Neill setting him up. At 3:38 Ed Liegman scored for the Knights and the game was tied once again.

Midway through the period Sherwood Park took advantage of some Bruin miscues in their own end and scored two quick goals to put the game out of reach. Gord Stewart scored the winner at 12:05 and Jerry Basterash added the insurance marker at 12:43. Both goals came off Bruin defensive errors.

Stewart added his third of the night when he stole the puck from a Bruin defense-

man and gave Terry Wilson no chance for a Knight 6-3 win.

Bruins next league game will be Sunday for a game in Fort Saskatchewan against the Traders. On Tuesday, November 6 the Leduc Riggers will be in St. Albert.

Peter Van Brabant fired home two goals including the winner Monday night to lead the K of C to a 4-2 win over the Kinsen Warlords.

This was the opening game in the six-team St. Albert mens commercial league.

The first period was scoreless but the second 20 minutes provided four goals, two by each club.

Dan Vars opened the scoring for the Kinsmen at 14:56 but the lead was shortlived as C. Mistal scored for K of C at 16:15. Terry Moore put Warlords ahead 2-1 at the 18:00 minute mark only to have Van Brabant

DAN VARS

tie it at 19:30.

Van Brabant scored the winner midway through the final period and Bernie Levasseur put in the insurance marker near the end of the period.

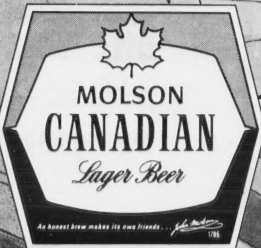

The game was cleanly played with each club picking up four minor penalties.

Youth Bowlers Compete Sunday

A full field of 24 youth bowlers are all set to 'bowl 'em down' next Saturday as the first Y.B.A. Bowler-of-the-Month tournament of the 1973-74 season gets underway at the Grandin Bowling Lanes.

The young pin-knockers represent the cream of the October crop of Bowlers-of-the-Week who participate all day Saturdays and Thursday afternoons in weekly league warfare.

Representing the youngest bowlers, the peewees, will be Kevin LaLiberte, Trent Jacubek and Curtis Hart for

the boys, while Brenda Vincent, Marnie Kelcher and Debby Lopez will compete for the peewee girls. Ban-tam boys are headed by pin-veterans Brent Lewis, John Edwards and Mike Mallinson. Competing in the ban-tam girls division are Diane Vincent, Alice Groenick, and Kim Devine. Junior boy competitors are Calvin Ward, Doug Stenue and Billy Craig. Shannon Erickson, Dawn Brige, and Brenda Kel-ly represent the junior girls. A strong group of senior girl bowlers feature such well-known names as Kim

Popoff, Kim Bittman and Susan Schuchard. Equally well known Jim Hentig and Garth Roberts will be tested by newcomer Ron Hen-nestad for the senior boys.

Highest pins-above-average scores will be compared with Youth Bowlers Association scores throughout the province to decide the Alberta Bowlers-of-the-Month winners.

Parents and friends are invited to witness the action slated to get underway promptly at 5:30 Saturday afternoon.

Lancaster Park Curling

October 23 saw the start of a new season, the first rock being thrown by President Corinne Suttle. The ladies enjoyed two four-end games, luncheon and a very special punch.

High point winners - the Jean Nettigan rink, followed closely by the foursome of Elinor MacIntosh, Alice McClay and her girls had the dubious honor of 'capturing' no-points prize.

The club was pleased to see so many new members, and it is hoped that they will all enjoy their first season with Lancaster Park Club.

Mayor Ray Gibbon, guest at the Hercules Sports Association banquet for their soccer players, along with John Merra, Bob Heese and Bob Sage, pose with the mlal mite team after presentation of their team and keeper trophies on Sunday afternoon.

Hockey Night's New Feature

Put the NHL's best shooters up against the best goalies - add nearly \$80,000 in prize money and what do you have? Hockey Night in Canada's newest intermission feature, a 16-part series of dramatic hockey action, called "Showdown in the NHL."

Picture the Esposito brothers, Phil and Tony, goal shooters Rick MacLeish and Mickey Redmond, Dennis Huli, Yvan Cournoyer and Jean Ratelle vying for a pot of hockey gold that can put as much as \$25,000 into the pocket of the top shooter and an equal amount (or more) into the bank account of the best goaltender.

"Showdown" gets under-

way on Saturday, Nov. 3 with the first of eight 1st-round knockout matchups. Two shooters will face the same goaltender in a "three shots each" match; the winning shooter advances to round two, the loser drops out.

The series was shot in Peterborough exclusively for pre-release on Hockey Night in Canada and subsequent showing on NBC's Game of the Week.

An elaborate security system was devised to cloak the identity of the series winners. The pairings were drawn by lot in secrecy and witnessed by a representative of Price-Waterhouse so that no player at any time

throughout the competition knew the identity of his opponent, had no idea whether he'd won or lost, and no inkling as to which of his shots actually counted for the competition.

As the competition advances through each round, the payoff per goal and save increases to the point where in the final "Showdown" the goals and saves are worth \$4,000 each!

Players for the competition were selected on the basis of official NHL statistics for the 1972/73 season. These include the top 12 goal scorers, the top four offensive defencemen (based on total points) and the top four goaltenders.

Stretch Fabrics Shows Rapid Expansion

It was one year in May 1973 when Eleanor and Jack Baxandall, owners of St. Albert Stretch Couture Fabrics Ltd. marked their first anniversary.

Located at 19 Grandin Shoppers Park, the Baxandall year in business is a real success story. They started Stretch Couture Fabrics Ltd. with a modest stock and carried out initial classes in the basics of sewing with knits called 'Basic 6.' Since then, Eleanor has added five new and more advanced courses and the projected number of 385 customers taking the courses the first year grew to more than 600.

During this year of rapid growth, St. Albert Stretch Couture Fabrics Ltd. has added many new lines to its stock of fabrics and has gone into allied lines of the trade in an effort to make their sewing outlet more of a one-stop shopping centre. "We have added specialty lines during our first year in operation," Mr. Baxandall said, "such as zippers, threads and other supplementary stock." He explained that he and his wife developed Stretch Couture Fabrics Ltd. according to demand of customers and it was because of these requests that they have expanded more rapidly and more extensively than their projections had indicated.

In view of St. Albert's great strides in growth, this increase in population and local volume is reflected in the Baxandall Success Story, resulting in the recent addition of 480 sq. ft. of floor space. Originally, Stretch Couture Fabrics occupied 1,200 sq. ft. of floor space next to Red Onion Pizza. In order to keep pace with growth, 480 additional square feet of floor space has been taken over by the Stretch Couture outlet. This additional space is now the new home for Butterfick patterns and mail order service for Vogue.

An interesting factor related to this local thriving business is the addition of one full-time member to the staff, two part-time clerks and three part-time teachers all of whom are local residents.

Jack Baxandall, who works full time as bookkeeper or stock controller concluded by saying that the family enterprise is also doing a considerable amount of business by mail order, serving customers throughout Alberta and as far north as Inuvik.

Wheat

The Canadian Wheat Board survey of country elevators shows a sharp drop in the quantities of grain Prairie producers will have available for delivery in the 1973-74 crop year.

Results of the survey, carried out early in October shows deliverable stocks of wheat are down by 101.9 million bushels; barley stocks are also down and so are rapeseed stocks. Only oats showed an increase of 12.1 million bushels over last year.

The survey also indicates a decided drop in quality of grain harvested this year, that only 40.3 per cent of the wheat delivered this crop year is expected to qualify for the top grade. Last year's survey showed that over 53 per cent of the wheat fell into the top-grade category.

bright and early Sunday morning. She too, thought Mountain Standard Time would come into effect Sunday at midnight. Not so, official announcements made at the last moment left many St. Albert residents confused and very early for everything, including the skate-athon and many other events scheduled for Sunday.

The Gazette tried valiantly

on the eve of publishing day, Tuesday, October 23 to get an exact time when clocks were to be turned back one hour. All we could find was that Daylight Saving was coming to an end Sunday, October 28.

As it turned out, effective clock-backing-up time was 2 a.m. Sunday and not midnight. Sorry we were 22 hours out of wack.

Early Pioneer Passes

Mr. Alphonse T. Brosseau died on October 22 at the Edmonton General Hospital. Mr. Brosseau was born in St. Albert in the year of 1890, son of Edmond Brosseau and his young wife whose last name was L'Hirondelle.

Both father and son led an active life in the province of Alberta, both in the field of commerce and in the development of the communities in which they lived with their families.

Edmond Brosseau came to St. Albert in the fall of 1877 which started an active era materially. Alphonse was to follow in his fathers footsteps, as his sons did after him.

The family moved from

St. Albert in 1904, where they were to pioneer the hamlet of Brosseau, later settling in the town of St. Paul in 1929 as well as branching out to the town of Bonnyville.

In St. Albert, the Brosseau stores were situated in the Beaudry House in 1889 (16 St. Vital Avenue), and in 1892 a General Store on the corner of Perron Street and Mission. St. Albert offers a message of condolence to his family: His loving wife, Hazel, five sons, three daughters, 26 grandchildren, and six great-grandchildren. Mr. Brosseau is also survived by a brother John, of Edmonton, and a sister, Marie-Louise of St. Albert.

Student Shift Policy Being Developed

Advanced Education Minister Jim Foster has announced that the department's program services division has undertaken a project leading to the development of policies for student transferability. It encompasses Alberta's system of post-secondary institutions - colleges, institutes, vocational centres, and universities.

Transferability, in this case, involves not only the admission of students into post-secondary institutions. It also involves the transfer of his or her credits.

The department wants to ensure full opportunity and appropriate placement to all students entering Alberta post-secondary institutions, and to those students transferring from one institution to another. At the same time it wants to protect the integrity of those legitimately-selective admission and transfer policies and procedures which are now in effect at those institutions.

The minister revealed that members of the department have been meeting with senior representatives of the institutions, to develop an initial set of general policies covering student and institutional concerns. Once policies have been developed further meetings will be held for the purpose of developing guidelines for implementation. It is expected that implementation will occur by January 1, 1974.

Mr. Foster noted that "the problems associated with transferability must be resolved if we are to create a system of continuous and recurring education without artificial hurdles and unnecessary barriers to students."

Salesman: "I travelled as a salesman all summer and only received two orders." Friend: "That's too bad; what kind of orders were they?" Get out! and stay out!

Anyone for Chess?

Several people have indicated an interest in forming a chess club. Phone Mr. and Mrs. Wilbur at 459-0325 or the recreation department at 459-6601. If interested and a time and place will be arranged if there is a good enough response.

SQUARE DANCING:

The St. Albert Saints and Sinners will be holding their annual Saddle Hawkins dance next Saturday, November 3 in their "home base," Sir Alexander Mackenzie School. This is always a highlight of the season when everyone turns out dressed in their most colorful! Phone Mrs. Torrsault at 459-6896 or Mrs. Jenkins at 459-6881 for information about the regular dances which are held on the first and third Saturdays of each month.

SWIMMING:

The bronze medallions and junior resuscitation badges for those taking this

summer's classes are now in at the office and can be picked up between 8:30 a.m. and 5 p.m. at the Town Hall Recreation office.

ARENA:

The parents and pre-schooler session on Wednesday November 7, will be cancelled due to the shavelling of the ice. The session will be held at its regular hour of 10:30 - 11:30 a.m. November 14.

Public skating will be cancelled on Saturday, Nov. 3, due to the figure skating coaches clinic. The regular schedule of Wednesday 7 - 8:30 p.m. and Saturday 2 - 3:30 p.m. will resume on November 7.

POWER SKATING:

There is no more room left in the power skating program at this time. However another registration will be held early in December for the January sessions.

Skate-a-thon successful - Kinsmen very pleased

Once again the citizens of St. Albert have shown their pride in our community by turning out in large numbers on Sunday to support the participants in the Kinsmen's fifth skate-a-thon.

Along with Lt. Governor Grant MacEwan, Mayor Ray Gibbon, Alderman Dave Ward, Roger Bourbonnais, Kinetic President Norm Hille and Kinsmen President Barry Welsh, 346 skaters took part carrying with them pledges amounting to \$7,200. Mayor Ray Gibbon carried pledges amount to \$855 and must be congratulated on this achievement although of course congratulations are in order to all those people in St. Albert who gave support in any way to any skater.

It now remains for all the skaters to collect their pledges and turn them in to any bank in St. Albert. On receipt of the pledge money, each skater will receive a skate-a-thon badge, and it is especially requested that all monies be turned in as soon as possible so that the winners of the various prizes can be announced.

The top money raisers boy and girl aged 10 or under will receive a special

The recreation department are most pleased to have the services of Mr. and Mrs. Wilbur available for forming a Chess Club in St. Albert. This couple formerly organized such a club in Sherwood Park, where it became exceptionally popular. People interested are invited to telephone the Wilburs at 458-0325.

Kinsmen skate-a-thon jacket, and the top money raisers, boy and girl aged 11 and over will receive a pair of skates, on display at the Sports Shop.

One prize can already be announced and that is for

the team event. This was won by the Mite A Nuggets team and the boys who skated plus their coach will be taken to an Officers hockey game, courtesy of the Kinsmen Club.

Kinsmen representative

John Grave told the Gazette Tuesday that the club was most happy with the fine public support of the skate-a-thon, and funds will help the club in "serving the community's greatest needs."

Leading off the skate-a-thon Sunday were the younger children and the Kinsmen's special guest skaters. Lieutenant-Governor J. W. Grant MacEwan is seen at rear centre, with Mayor Ray Gibbon on his right and Alderman Ward at left.

In Memoriam

DANNY NIMSICK

In loving memory of our son and brother who passed away November 3rd, 1968.

There was no time to say good-bye the night you went away, You left us, oh so suddenly, five years ago to-day.

Our hearts still ache with sadness, and silent tears still flow, For what it meant to lose you, no one will ever know.

Ever remembered in our hearts, and sadly missed by - Mom, dad, Arlene, Mariette, Shawna and relatives.

Fire Destroys Three Morinville Businesses

A fire of undetermined origin completely destroyed three businesses firms in Morinville last Friday, October 26. Butt's Auto Body, Morinville Used Car Centre and Quinn's Plumbing, all contained in a frame structure located on Morinville's main avenue were levelled to the ground in the early-afternoon blaze.

No injuries were reported, but flames spread so quickly that nothing could be saved. The three owners of the businesses, Moss Quinn, Moise Kalla and Ross Quinn, report that the flames, fanned by a brisk southerly wind wiped out everything, including stock and records.

Both fire pumpers from the town and the M.D. promptly responded to the 1:15 p.m. alarm and managed to save neighboring buildings. During the height of the

blaze, while exploding stock flames roared throughout town, flames reached Calgary Power transformers and A.G.T. transmission lines, cutting off Morinville for a short period. Calgary Power crewmen brought power back after an interruption of about 45 minutes. Alberta Government Telephone crews are still working to restore complete telecommunication and expect to have all circuits back in service Tuesday night after working around the clock since the Friday fire.

Ross Quinn, whose plumbing business was completely destroyed, had planned to move into new premises that weekend, but the fire beat him to it. Ross Plumbing is now relocated in the former L.G.A. Store and is in the process of getting his business reorganized. The owners of Butt's Auto Body

and Morinville Used Car Centres have not announced what their plans are.

Earlier that same day, the Morinville Fire Department responded to a call when a passenger car, owned by Doug Ramer, burst into flames while parked in front of McGinnis Realty. Fire badly scorched the front end of the car and the motor. A third fire in Morinville broke out Monday night leveling the Norman Munier farm home located a short distance from town.

A sidelight to Morinville's fire adventures was the untimely sounding of the fire siren caused by the power outage and the turning back of clocks from Daylight Saving to Mountain Standard. In view of all the confusion, the fire siren, timed to sound off at 12 o'clock noon daily, sounded off during the early afternoon of Sunday and Monday and created quite a stir in town. Everybody lined the streets wondering: "where is the fire this time?" Fortunately, three fires were more than enough. The other two siren-calls were false alarms... and the timer is now reset for 12 o'clock noon Mountain Standard Time.

"Morning Has Broken" Theme Of Vanier Grads

By Renu Khullar

Many weeks of planning, organizing, and rehearsing by the Senior Students' Union the Grad Committee, and the Grad Choir, culminated in a day of excitement and pride for the 17 Grade 12 graduates of Georges D. Vanier High School. The graduation theme this year was "Morning Has Broken."

On Saturday, October 20, the ceremonies began at church with a folk-mass at 5. Students from Grades 5 to 12, under the direction of Miss Karen Weston sang hymns and songs adapted from "Jesus Christ Superstar." They were accompanied by Lynn Champagne on the organ, Terry Maslyk on guitar, and Karen Gibault, Michele Dubord and Viviane Blackburn on flutes and pipe.

After the mass, cocktails were served at the Recreation Centre followed by a banquet. Mr. Roger Blackburn served as master of ceremonies at the banquet.

At 8 p.m. the exercises began in the beautifully decorated gymnasium at the school. The graduation choir conducted by Miss Karen Weston, sang the theme "Morning Has Broken" with an orange rising sun serving as background. Janice Carruthers, a Grade 12 student, performed a graceful creative dance to set up the pace for the evening.

The welcome address, by Mr. Marcel Schayes, principal, was followed by Grades 6 - 12 awards. Mrs. A. Beland, on behalf of the "Mouvements des Femmes Chrétiennes" presented Carol Wojtkiw with a cheque of \$25 for the highest mark in the terminal French class.

Renu Khullar, president of the Junior Students' Union, presented a plaque to Michelle Tellier for being the best all-round student in Grade 9 last year. Immediately afterwards, Ruby Khullar received a medal from the Alberta Teachers' Association for the highest Grade 9 average at Georges P. Vanier.

Academic trophy awards went to students who had achieved the highest average in each grade and were presented by Mrs. Yvonne LeDuc on behalf of the Thibault School Board. The winners were: Louise Chalfoux, Gr. 6; Lise Morin, Gr. 7; Renu Khullar, Gr. 8; Ruby Khullar, Gr. 9; André Tailleux, Gr. 10; Darleen VanVraban, Gr. 11; and Walter Meyer, Gr. 12.

The Grade 12 subject awards - Chemistry 30, Mathematics 30, and English 30 all went to Walter Meyer. The French 30 award was received by Claudette Tailleux. The Senior Students' Union Awards this year went to last year's president - Sherry Kryskow, yearbook editor - Shirley Mikaluk, and the most versatile grad Gordon Saffin.

Valedictory speeches were given by Walter Meyer and Claudette Tailleux, both of whom received the Thibault School District Scholarships. Mrs. Anne Kryskow chairman of the Thibault School Board made the presentations. The choir provided a vibrant rendition of "Exodus" and "Les Enfants du Piree" better known as "Never on a Sunday" in English. This French song was dedicated to both Claudette Tailleux and Carmen Boissonnault who had for

many years been members of the choir with Carmen playing both the piano and the organ at the various school functions.

The guest speaker, Alderman Dave Ward of Edmonton, then spoke especially to the Grads on "The Involvement of Young People in the Political World." Then the moment that the 17 graduates had arrived at all evening waited. As each was called up by Jan Gibeau, Mr. Schayes gave them their hard-earned diplomas and Mrs. Alice Wojtkiw on behalf of the School Board awarded them with their graduation rings. As they all stood together, probably for the last time as a class, flashbulbs sparked and cameras clicked from every corner of the gym.

Appropriately the choir closed the exercises with a very popular song from "Superstar" -- "Everything's All Right." Diane Rousseau, did the solo part of Mary Magdalene and was accompanied by two of our male teachers, Mr. Paul Riopel and Mr. Gerard Lavigne.

Thibault SD Awarded \$21,800 E.O.F. Grant

A proposal to obtain the grant for improving the reading and vocabulary skills in the Thibault School District through a reading teacher, and in service programs has been given approval. The continual assessment and upgrading will take three years.

Result of tests given show that a need to revitalize our program is evident. A model reading program has been piloted in the Thibault District for the past year, it provides for: reading needs; training in the reading process; correcting of reading disabilities; improving reading skills.

The skinny wife of a certain politician thought she had met more than her match in a lively polka by the Sate-lites at the Villeneuve dance Friday evening, but was able to catch her breath when partner Hector Soetaert, also puffing, slowed the pace a bit for the second round!

The Club 60 Roses committee would like to express their thanks to all who worked so faithfully to organize and prepare for the bean supper and dance. We would also like to thank all those who patronized the event and a special thanks to those from outside the district who are interested in helping the aged and realize that it is for a worthy cause.

The recreation department is offering winter courses in multicrafts (Ch-

ristmas gifts and ideas), folk guitar, defensive driving and canoe building. If you want another course the recreation department will gladly supply an instructor.

Some 300 friends and rela-

tives converged at a social evening in honor of Albert St. Martin and Elaine Corbiere last Saturday at the Community Hall. The couple will exchange marriage vows on Nov. 17.

A warm and hearty welcome to Mr. and Mrs. Gordon Veitch who have purchased Lucien Cyr's farm, also to Mr. and Mrs. Normand Rivard who have moved in a suite at George Montpetit's.

Auctioneer Eddy Walker fed a rapid-fire stream of sales talk through his mike for hour after hour, on Calahoo sports grounds Saturday afternoon at the Hard Times Day Auction. For a little guy he sure has strong vocal chords, and pushed through hundreds of items. Firmin Iseke is seen giving Eddy a hand. Mr. Stan Walker reported that the committee was well pleased with the fine turnout and over-all success of the big community effort. The West Sturgeon Agricultural Society met Tuesday night and it is expected they will be reporting several thousands of dollars in net proceeds.

News from Calahoo

By Liz McLeod

The West Sturgeon Agricultural Society of Calahoo day of days October 27 will undoubtedly go into the record as a very successful venture.

With bright sunny skies overhead the mud could be tolerated, and the wide variety of items for the auction, plus a goodly number of interested people taking part, made auctioneer Mr. Eddy Walker's chore more pleasant. Mrs. Doris Van Tighem was his clerk and George Gust and Harold Christen assisted Ed on the racks.

In the church basement there was a fine array of home baking and canning and handicraft plus Unifarm's seed display. There were many eye catching articles on the display table showing the community's prowess with hobbies. Edmo Berube certainly has a way with wood crafts. The ashtray and coffee table were a work of art. Ken Stevenson's signs carved in wood were also striking, as were Roy Singh's wrought iron figures.

Close to 240 took in the appetizing hot beef supper and later the dance started in the Gazebo with real good music from Stony Plain keeping toes tapping.

Winners of the Hard Time costume categories were: Best Couple, Leo and Jane Verbeek; Best Gentleman -

Grant Moellman; Best Lady, Angle Moellman, and Best Hard Time Costume - Lucille Moellman.

Stan Walker called for attention to give special thanks to all those people responsible for the planning and hard work behind the many activities staged for Hard Times Day.

A big bouquet goes to Mrs. S. Pat Sobolewski, secretary, to Bernice Ross, Stan Walker, Moe Berube, Rita Lelandre and the canvass teams; to Mrs. W. Mary Victor and many more who

worked in so many ways in the all-out community drive for new facilities.

Legal Postmaster retires after 27 years

After 27 years of post-mastership, Mr. Ben St. Martin has retired due to failing health.

Ben was appointed postmaster on July 2, 1946. The post office occupied the front part of his residence until January 1970, after which, a new building was erected across the street, just a few steps northeast of the former office.

In 1946, Ben recalls that the mail came to Legal by Northern Alberta Railway and was dropped at the station two miles from the village. It was picked up there and transported to Legal by a horse-drawn vehicle. At the time, the mail came to Legal three times a week. Now, mail is received and dispatched daily except Sunday, by means of motor vehicle service.

Before joining the post office, Mr. St. Martin served four years and seven months in the Royal Canadian Army Service Corps of World War II, where he saw action in England, France, Germany, Holland and Belgium.

He has been a president of the Royal Canadian Legion of the Legal Branch for about five years. He was also manager of the Legal Senior Baseball team for close to 15 years. His hobbies were woodwork and gardening. He and his wife are planning a winter cruise to the Caribbean Islands at the end of January.

Mr. and Mrs. St. Martin have a family of four children - Mrs. Sylvia Gossell, R.N., employed at the Royal

Alexandra Hospital; Raymond, physical education teacher in Peace River - Rachel, taking her third year of special education at the University of Alberta and Jocelyne employed as Typist 11 at the Edmonton Separate School Board.

Mr. St. Martin would like at this time to express his gratitude to all the patrons of Legal Post Office. He commented that it has been a wonderful experience to serve such a fine and loyal group of people. He wishes you and your families much joy and peace in the years ahead.

We wish at this time to welcome in our midst, Mr. Denis Limoges, who since July 24 was acting postmaster, replacing Ben. He now has been officially appointed Postmaster of Legal as of October 1, 1973. Mr. Limoges, originally from Falmouth, has served as letter carrier. Welcome and best wishes to you and your family, Denis.

Calahoo Women's Institute met in Mrs. Myles Kerr's home the evening of Oct. 23 with 14 members and Janet Brinsky, (new neighbor) present.

Discussions were held pertaining to a catering job a 25th anniversary and the forthcoming Remembrance Day ceremonies in which the WI takes part.

Bouquets were given to the ladies who did such a fine job at the handicraft tea.

Winners of the Villeneuve masquerade first prize for costumes were a surgical team, part of whom are seen giving their patient a transfusion, using emergency facilities as available in the hall.

Villeneuve dance draws large and lively crowd

About 250 people filled the Villeneuve Hall for the masquerade dance held Friday night, with about 80 in costume, giving the judges a hard time to pick the winners. Before the unmasking about 10:30, even their own neighbors didn't know who was who, as pirates danced with angels, black cats with gypsies, porkey pig with a black mammy, little Red Riding Hood and a devil. Sonny and Cher had a great act - as did a pair of long nose clowns, hamming it up with palls and hoola hoops. There was also a large Grade B egg, a Japanese couple and a New Year's baby - some baby!

A surgical team offered 'professional' services to an unfortunate accident victim on a stretcher, by way of a blood transfusion from a keg, and a full-scale operation staged center floor. As an added attraction they did what they could for two sets of Siamese twins.

A fantastic group of birds made their entrance a little later. Jail Bird, Maude Burd, Hairy Canary, Sam Sucker,

Road Runner, Whirlie Bird, Love Bird and Sweetie Twelfth arrived under a banner 'Birds of a Feather Flock Together.' With assorted long beaks and huge round eyes, they were flapping all over the hall - wings flapping and large web feet slapping. Judging the colorful costume parade were board members Ralph Oulmet, Real Durocher, Elsie Barby, Bob Lema and Pat Sheehan. On the basis of the amount of effort put in, first prize was awarded to the surgical team, with the birds as runners-up. Unmasking revealed that Doctor Diane Kuhn, Nurse Victor Soetaert, Intern Richard Soetaert and stretcher case Denis Soetaert made up the winning team. Birds were June Borle, Emile Soetaert, Connie Savole, Elaine Soetaert, David Borle, Andre Borle, Florence Soetaert and Marg Borle.

Two special presentations were made by Bob Lema, president of the Villeneuve Athletic Association, to families who recently left the Villeneuve district. "Ed

Savole has been a goodwill ambassador for Villeneuve since I was so high," said Mr. Lema, in presenting Ed and Laura with a gift and the good wishes of all in their new home in St. Albert.

"I'll miss all my friends in Villeneuve," said Ed in reply - "and cutting the grass in the graveyard." He went on in more serious vein to say that he and his wife had their ups and downs over their years in business in Villeneuve, but loved every minute of it. "When I first started trucking in Villeneuve in 1935, I thought there must be a better way to earn a living," said Ed.

"Five years went by - and I'm - finally 35 years and now I'm quitting!" He then introduced Mr. and Mrs. Hank Ferlund, who are taking over from him in Villeneuve. Mrs. Savole also voiced her thanks and said "We will be back often. Where would we have been without all you people?" she said, thanking them for their patronage over the years.

"It may be that St. Albert will become annexed to Villeneuve," said Mr. Lema, in presenting a gift to another couple who had left the area for the town, Simon and Julia Oulmet. Saying that he had lived all his life in Villeneuve, Simon said that he and his wife hope to enjoy whatever years they have left in St. Albert, but "we will come often to Villeneuve." Well known for his talent as a story teller, Mr. Oulmet closed with a favorite. Mrs. Oulmet added her thanks and an invitation to all to visit them in St. Albert.

New families present who have recently moved to Villeneuve were introduced, the Smiths, the Kellys and the Heaton's as well as M.L.A. Ernie Jamison and his wife Shirley, and former residents, back for the evening, Alvin and Jeannette Logazcar.

Band leader Gerald Soetaert drew the lucky ticket for the first raffie prize, which went to Simon Oulmet, and Simon drew the second ticket, drawing Roger Berube's name.

There's a killer on the loose.

Alberta Check Stops are out to stop him before he stops you dead!

Did you know that alcohol is involved in half the traffic deaths in Alberta? Here's the grim prediction for the next 12 months: 300 Albertans killed. Another 7,500 injured or maimed for life

Concerned Albertans want to stop the slaughter. Support the Alberta Check Stop program. When you come to a Check Stop, show your pink card. Your delay will be kept as brief as possible. But the impaired driver must be kept off the road!

ALBERTA CAN MEAN SAFE DRIVING. HELP US KEEP THE IMPAIRED DRIVER OFF OUR ROADS.

Effective November 1.

Under the auspices of The Solicitor General's Department

Shown are members of the United Church Women, Sturgeon Unit at the home of Kathy Pich preparing items for their harvest bazaar to be held in the St. Albert Community Hall, Saturday, November 3, 11 a.m. - 2 p.m. A family luncheon will also be offered in lower hall.

Catholic Board Awards \$300 To School Band

Principal of Father Jan Junior High School, John Kaminski appeared before the Catholic School Board Monday to speak to his request for \$300 in aid of the school band.

Mr. Kaminski explained to the board that the school band has attempted to raise sufficient funds with which to buy instruments. He also revealed that the 40-member band was short of instruments and these have to be rented at \$15 per instrument per year.

"In the light of this," Mr. Kaminski said, "we have established a \$15 per student per season to help

with finances, but in spite of all efforts, we need assistance."

Trustee Sylvia Walsh, in making a motion that the \$300 request be granted, added that in her opinion, the school band deserves assistance because it has shown initiative and is proving to

be a real asset to the district.

The motion was carried unanimously.

Girl, age 5: "Darn it. Another beginner."
